The Commonwealth Government and NSW Government will both be offering financial support to NSW businesses impacted by the recent COVID-19 restrictions and stay-at-home orders. We have tabled the key components of the 2021 COVID-19 package below.

There is limited detail available at the moment and further information will soon be made available by Service NSW (for the packages offered by both the Commonwealth and NSW).

This will be administered by Service NSW.</p> <p>Specifically, the support payments will be available for NSW businesses, including not-for-profits, with an annual turnover of between AU\$75,000 and AU\$50 million which can demonstrate a 30 percent reduction in turnover compared to an equivalent two week period in 2019.</p> <p>Eligible entities will receive 40 percent of weekly payroll with a payment of between AU\$1,500 to a maximum of AU\$10,000 per week, subject to staffing levels being maintained.</p> <p>Businesses can register their interest now at <a href="http://www.service.nsw.gov.au">www.service.nsw.gov.au</a>.</p>
<b>NSW business grants</b>	<p>NSW businesses with Australian wages below AU\$10 million can claim grants between AU\$7,500 and AU\$15,000 to cover the first three-weeks of restrictions. The grant can be used for business expenses such as rent, utilities and wages, for which no other government support is available.</p> <p>Three different grant amounts will be available depending on the decline in turnover experienced during the restrictions, as set out below:</p> <ul style="list-style-type: none"> <li>▪ AU\$7,500 for a decline of 30 percent or more</li> <li>▪ AU\$10,500 for a decline of 50 percent or more</li> </ul>
