OVERVIEW

Myia Pretty is an associate and member of the Healthcare and FDA practice group who advises clients on regulatory and compliance matters across highly regulated industries. Myia advises healthcare providers, laboratories, and medical product companies on regulatory, privacy, and transactional matters. Her practice includes counseling clients on federal healthcare regulatory requirements, healthcare transactions, trial and evaluation arrangements, HIPAA privacy, information blocking, patient access rights, and medical records issues. Known for her practical and business-oriented approach, Myia helps clients navigate complex regulatory frameworks, mitigate compliance risk, and advance strategic objectives.

In addition to her healthcare regulatory and compliance experience, she counsels employers and federal contractors on workplace compliance issues, including anti-discrimination, anti-harassment, anti-retaliation, and diversity, equity, and inclusion-related obligations. Myia has developed and delivered workforce training programs designed to help employees identify, prevent, and report workplace misconduct, and she advises organizations on navigating evolving federal contractor compliance requirements.
