## OVERVIEW

Lannah Abasi is a patent agent in the firm's Intellectual Property Procurement and Portfolio Management practice group. Prior to joining the firm, Lannah completed a PhD in biochemistry and molecular biophysics, where her research focused on understanding the molecular mechanisms of gene silencing and its dysfunction in neurological diseases. Lannah has developed technical proficiency in protein and nucleic acid biochemistry, gene regulation, and structural biology.

This scientific foundation enables her to approach complex challenges in biotechnology and intellectual property with a deep understanding of both scientific innovation and practical application.

## PROFESSIONAL BACKGROUND

Lana previously was a laboratory teaching assistant in California, where she lectured, demonstrated techniques, administered exams, and graded coursework.

## EDUCATION

- Ph.D., University of California, San Diego, 2025
- M.S., University of California, San Diego, 2021
- B.S., California State University, Northridge, 2019

## ADMISSIONS
